**Sharon Mennonite Bible Institute**

**June 19 - July 28, 2023**

*In consultation with parents and pastor, we encourage you to consider SMBI's WATER training. If you have been wanting to see and experience mission work first-hand with the missionary as your teacher, WATER will provide you with that opportunity. You will receive lectures on mission themes, training workshops, times of prayer and fellowship, practical work projects and basic linguistic training for one week on the SMBI campus. Then you will be placed on the mission field of your interest to see and do what missionaries do. The six-week training will conclude with a day back at SMBI to share with each other and to receive further training and encouragement. Six credits will be given to anyone successfully completing this program. Listed below are the programs we have available this summer. Prayerfully consider which one God may be calling you.*  
**NOTES: Dress standards vary in the different missions. If you have any questions, please contact us prior to enrolling. For those missions marked with an asterisk (\*) trainees must be 20 years of age or older. For other locations trainees must be 18 years or older. A program has been developed for second year WATER students. Call SMBI if you are interested or mention it on your application.**

#### **South Asia**

A majority Muslim country, a bustling megacity, monsoon rains, epic traffic jams... Experience cross-cultural ministry up-close as you live with a team member and share life with them for a month ...sometimes exciting, sometimes boring, often exhausting. Explore the culture, make new friends, start language learning, teach English, visit the countryside and pray for the people. Learn from long-term workers, both singles and families, as you see different models of ministry. Ladies will have opportunities to volunteer in helping at-risk ladies and their children. Men will spend time in (and optionally live in) a poor neighborhood community with opportunities to connect with the young men. \$2,525.00

Expect to spend a lot of time with Native children through Vacation Bible School, fishing, camping, and outdoor activities. Interact with adults through literature sales, VBS, church fundraisers and other activities. Anyone interested in going to this mission should contact NYP directly. The trainees that come to Ireland can often be involved in quite a wide variety of projects. The Camp has run several week-long summer camps for children in the past years as well as facilitated activities for groups of youth. At this printing, there has been a move for the camp to become a year-round camp and the summer camps may be changed from how they operated in the past. (You may contact

us for current details on this). There is also a bakery/convenience store in the village that is used as a fundraiser for the camp and help is needed at times for this. **Liberia, Monrovia Christian Aid Ministries**  
Christian Aid Ministries of Liberia welcomes students to come enjoy Africa and its people and see the many physical and spiritual challenges present in this country. Students coming here will experience interacting with those living in abject poverty in various ways. This includes travelling with native CAM employees distributing food, clothing and Christian literature or holding evangelistic meetings. Students will likely take a several days long, dirty, scorching trip to the African interior in which you may be privileged to sleep in a native mud hut home and not only experience the challenges of primitive living but also the spiritual darkness and occult practices of a society ignorant of and disobedient to the things of God. Visiting orphanages and teaching at the week long Summer Bible School at Tower Hill (CAM base) is always a highlight and both activities provide many opportunities to interact with children. Ladies also spend time at the CAM base doing small projects such as painting, sewing or perhaps passing out CAM layette bundles at a clinic or hospital. For the men, there are always lots of CAM compound maintenance projects, work in the warehouse or mechanics garage, or another bush trip. Come prepared to change your schedule at a moments notice and be stretched out of your comfort zone. \$2,025.00
